germanBelt Group

germanBelt® Group

The germanBelt® Group is an cooperation partner, manufacturer and international supplier of standard and special conveyor belts, service materials and further special products for material handling. germanBelt® GmbH is part of the highly efficient Group and **provides solely new produced conveyor belts as well as peripheral system components** which are manufactured according to international standards such as DIN EN ISO 14890 and DIN 22102 for conveyor belts.

Highly qualified personnel within our production and an optimised quality management guarantee that our products and services will always meet the highest requirements and demands of our customers. Conveyor belts are customer-specific made-up and processed. Accurately proven and high-class components as well as comprehensive investments in state-of-the-art production facilities ensure an effective production.

Extensive inspection, test and development methods ensure perfect service quality and excellent product properties. This we do in our own laboratory at our location in Halle/Leipzig, next to our production and center of distribution in the middle of Germany. Our **quality management is certified** according to DIN EN ISO 9001 for the production and sale of rubber, fabric and plastic products for material handling.
